Rork Interiors

Rork's ability to attract experienced and skilled professionals is further demonstrated with the acquisition of our latest assets.

Steven Raymond is appointed to the role of Senior Site Manager and brings great experience from previous employment with Project Coordination and St Hillier's. With 'the client and their satisfaction' at the forefront of his focus Steve delivers quality, safe projects on time and to budget. We welcome Steve to the team and look forward to utilising his skills in the delivery of our well renowned fitout services.

Dale Phillips is appointed as our Bookkeeper/Contracts Administrator. Dale has worked in many different areas of the building industry over the last 25 years including roles in accounts, sales and distribution and more recently working in the quantity surveying industry. Dale has completed her Trade Certification (NZ) in Business Studies and Office Administration.

SPOTLESS

... Approved Contractor

Rork Interiors are proud to announce our inclusion on the Spotless Comprehensive Maintenance Services list. This is for Defence establishments throughout the ACT and Southern NSW Region. We look forward to providing Spotless with our well-renowned professional value adding service.

Further Success ...

Rork Interiors is proud to announce our inclusion on the Architectural Services Panel for Design and Construct projects for the Family Court of Australia and our design partners should see some really good opportunities eventuate from this appointment.

Design & Construct ...

Rork Interiors are skilled and experienced at providing a comprehensive design and construct service for our clients. This also allows our clients to concentrate on their own business interests knowing that their entire fitout or refurbishment is in professional hands. One particular advantage of engaging Rork for their fitout with this delivery method, is that the budget is always a priority throughout the design stage.

... 2011 Trades & Suppliers Christmas Party

Our 2011 Trades & Suppliers Christmas party held at the Forest Bowling Club on Friday 16th December was a huge success. The purpose of the day is to thank our loyal suppliers and contractors for their support throughout the year. Afternoon festivities began with a BBQ lunch, followed by a 'bowl off' with 1st place being awarded to Rork's Sydney Project Manager, Shane Kennedy, 2nd place to Troy McGuinness of Ray White and 3rd to Steve Johnstone of Hiretec.

QANTAS DEFENCE SERVICES (Designer: AMC Projects)

Rork Interiors were appointed by Qantas for the fitout and refurbishment of their Canberra Airport Offices. Rork were recommended for the fitout project by Canberra Airport Group and the project was delivered to the high satisfaction of all stakeholders.

... Contractors Login

We've had some very positive feedback from our contractors in relation to the Contractor's Login area of our website. The process begins with a quick email from our Estimator, outlining a prospective project. In the same email, the contractor is provided with their username and password. This feature makes the whole process fast and efficient and saves a lot of time when pricing a project.

EWAY, PHILLIP

Eway, the online payment gateway service provider, appointed Rork Interiors for the fitout of their new head office in Phillip. A construction management delivery method was employed for the successful delivery of this open book project. This retro, funky, yet trendy fitout received many a rave review.

GRAND REEF APARTMENTS, DEE WHY

Rork Interiors have been contracted to carry out remedial and refurbishment works to the exterior of the Grand Reef Apartments in Dee Why. The two buildings, of five stories each, comprise 8 commercial/retail units and 104 apartments. The project, due for completion late April 2012, is running smoothly and on program despite the extreme weather experienced over the past few weeks.

Aboriginal Hostels Limited, Canberra University, AIHW and ASG Group all of which have been completed, commenced or are in the design stage (to mention a few) will feature in our future issues
